

# Chardonnay

VINTAGE RESERVE

## LONGFORD ESTATE

*Nestled against the foothills of MONTEREY COUNTY'S coastal ranges, Longford Estate is characterized by the morning fogs that often linger until mid-day. This cool growing region is known for complex, layered wines of elegance and balance.*

### WINEMAKING

The grapes for this wine are sourced from our estate vineyards in Monterey County. Hand-harvested in the cool morning hours to ensure bright and lively flavors, the grapes were then whole-cluster pressed to enhance and preserve the fresh fruit aromatics. The juice was then pumped to stainless steel tanks for settling and fermentation on the lees. After primary fermentation, a portion of the wine was aged on 100% new French oak to heighten the creamy texture and integrated oak flavors that characterize this wine.

### TASTING

Beautifully complex aromas of red apple, nectarine, pineapple, mango and orange blossom leap from the glass. On the palate, the opulent fruit flavors integrate perfectly with bright citrus and vanilla spice from aging on French oak. Full-bodied, creamy and richly-textured, this Chardonnay is still balanced, approachable and food friendly.
